COMPANY

DESIGN ENGINEERING, Inc.

The team of DESIGN ENGINEERING, Inc. company consists of professionals with the long-lasting experiences in each profession. The task of the company is to arrange the needs and requirements of client in accordance with existing European law and valid European regulations.

DESIGN ENGINEERING, Inc. company produces all documents in modern world standard in digital form. Thanks to electronic mail the exchange of data and communication with the client is prompt. For documentation elaboration the company uses program of BIM and CAD systems.

DESIGN ENGINEERING, Inc. company is a member of

- ✓ The Slovak chamber of commerce and industry,
- ✓ The Slovak Association of Consulting Engineers (a FIDIC Member Association)
- ✓ BIM association of Slovakia (BIM - Building Information Modeling).

Workers of our company are persons licensed in accordance with Slovak Act No.136/1995 and are members of

- ✓ The Slovak Chamber of Civil Engineers
- ✓ The Slovak Chamber of Architects

COMPANY

DESIGN ENGINEERING, Inc.

Company was certified by management quality system. This was established and is being maintained in field of

COMPLETE DESIGN AND ENGINEERING ACTIVITIES IN THE CAPITAL CONSTRUCTION AND EXECUTION OF CONSTRUCTION WORKS

according to requires
STN EN ISO 9001:2016
STN EN ISO 14001:2016
STN ISO 45001:2019.

SERVICES

DESIGN ENGINEERING, Inc.

- Consulting services (construction management, analyses, environment, sustainable development, civil law,....)
- Site selection and arrangement of requested researches
- Feasibility study elaboration, schematic design, basic design
- Elaboration of activity intent due to Act No 24/2006 (EIA - Environmental Impact Assessment)
- Elaboration of project documentation in all steps
 - ✓ Planning / Zoning permit documentation
 - ✓ Building permit documentation
 - ✓ Detail design – tender documentation
 - ✓ Execution documentation
 - ✓ Other technical documentation
 - ✓ As-built documentation
- Engineering services
 - ✓ Planning / Zoning permit process
 - ✓ Building permit process
 - ✓ Water permit process
 - ✓ Road permit process
 - ✓ Integrated permit process
- Preparation of the competitive requirements for building constructors and cooperation with investors by vetting of tenders
- Consultant services for the contract preparation with the chosen building constructor
- Coordination of deliveries and works and arrangement of updated time schedule
- Construction, technical and author supervision
- Engineering after construction completion and putting in operation
 - ✓ Certification
 - ✓ Witness of equipment installation – official test
 - ✓ Temporary operation permit
 - ✓ Permanent operation permit
